Battlefield 4 Game Highly Compressed Download For Pc. Battlefield 4 is a first-person shooter video game developed by video game developer DICE and published by Electronic Arts. It is a sequel to 2011's Battlefield 3, with the story taking place six years later during the fictional "War of 2020". Battlefield 4™ is the genre-defining action blockbuster made from moments that blur the line between game and glory. Fueled by the next-generation power and fidelity of Frostbite™ 3, Battlefield 4 provides a visceral, dramatic experience unlike any other. Only in Battlefield will you blow the foundations of a dam or reduce an entire skyscraper to rubble, or lead a naval assault from the back of a gun boat. Battlefield grants you the freedom to do more and be more while playing to your strengths and carving your own path to victory. In addition to its hallmark multiplayer, Battlefield 4 features an intense and dramatic character-driven campaign that starts with the evacuation of American VIPs from Shanghai and follows your squad's struggle to find its way home. There is no comparison. Immerse yourself in the glorious chaos of all-out war, found only in Battlefield.
